

2nd “Master Ski on Ice” - indoor SL training summer campus at Snowworld, Landgraaf, The Netherlands

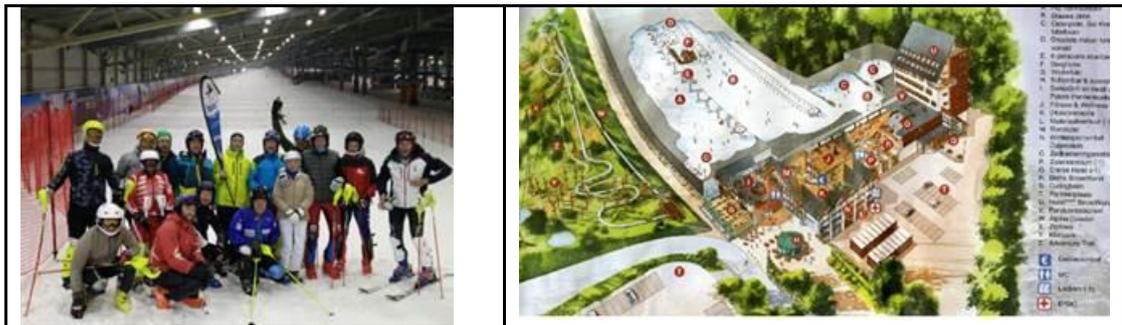

August 23, from 15:00h till August 26, 2020 13:00h

(organized by Marek Slawewski and Jean Paul Garnier)

What is the objective of this training?

Each year FIS Master races include one indoor ski racing on the very icy “world cup like” slopes. In 2019 we have realized that many of Master Skiers had high difficulties to adapt their ski technique to such specific “ice” conditions. So we have organized the first Master Ski on Ice campus at Snowworld in August 2019 which was a very successful event grouping 15 participants from 9 different countries (Belgium, Netherlands, France, Italy, Germany, Switzerland, Russia, Denmark and ... Chili).

The August 23-26, 2020 summer camp will be therefore our 2nd edition. This time we plan to welcome 2 x 12 participants within 2 groups managed by 2 experienced coaches. Master and non-Master skiers are welcome.

Why Snowworld in Landgraaf?

Each year from July till the end of September Snowworld indoor ski resort prepares a very icy snow on a couple of lanes within the racing area.

At this time Snowworld offers the very attractive ski packages covering the costs of full day skis passes, meals and hotel rooms.

Snowworld can be considered as a real ski resort open from 7:00 h till 23:00 each day, where all facilities can be found in the same place:

hotel rooms, 3 indoor ski slopes (one reserved exclusively for racing), multiple indoor and outdoor restaurants and terrace bars, ski /wax rooms, fitness area, wellness center.

In summer time it is indeed very pleasant to ski indoor and to enjoy a sunny weather outside between ski sessions.

This means Snowworld can be considered as a “ski laboratory” where one can focus on its ski technique while repeating the ski exercises several times in the same conditions.

Please consult www.snowworld.com for all detailed information and click on “live webcam”.

The nearest airports are: Brussels (1:15h min drive), Cologne (1h drive), Dusseldorf (1 h drive)

Temperature in the indoor hall is usually: -5° C, but the air is a bit wet, so there is a feeling of “cold”.

Where is Snowworld located?

Address: Witte Wereld 1, 6372 Landgraaf ,Nederland

20 km from Maastricht, NL
 80 km from Cologne, Germany
 130 km from Brussels Zaventem airport (1:15 h car drive)
